AFTER SUGAR TRUST

Government Begins Another Gigantic Suit in New York.

CRUSHED OUT COMPETITION

By Infamous Conspiracy, The Trust Closed Pennsylvania Refinery. Six Directors and Two Lawyers Are Indicted.

(By Wire to the Morning Star.)

New York, N. Y., July 1.—Through a Federal grand jury the United States Government today laid the ground work for another gigantic anti-trust suit in the indictment of the American Suger Refining Company as a corporation, six of its directors and two prominent lawyers. The defendant company and the individuals were charged with conspiracy in restraint of trade under a criminal clause of the Sherman anti-trust law, which provides as a penalty, upon conviction, a fine of not more than $5,000 or imprisonment for not more than one year, or both, in the case of the individuals, and a fine of not more than $5,000 in the case of a corporation.

The individuals indicted are Washington B. Thomas, president of the American Sugar Refining Company; Arthur Donner and Charles H. Senff, and John E. Parsons, all of New York, John Mayer, of Morristown, N. J., and George H. Frazier, of Philadelphia. All are directors of the company. The others indicted are Gustave Kissel and Thomas B. Harnett, counsel for Adolf Segal, whose plant, the Pennsylvania Sugar Refining Company, was shut down by the Trust, and whose fight in retaliation with the testimony brought out in his suit for $30,000,000 damages, recently settled out of court, largely furnished the basis for the Government prosecution. The defendants will answer to the indictments in the United States District Court on Tuesday night.

Bulky and in blanket form, the indictment contains 14 counts, alleging conspiracy and restraint of trade. The closing of the Segal plant, the details of the $1,250,000 loan by which this was accomplished and various details of the transaction are recited fully. The defendant company, it is asserted, controls 90 per cent. of the sugar trade in the United States.

The gist of the charges is that the American Sugar Refining Company, and the individuals jointly indicted with it, accomplished the control of the Pennsylvania Sugar Refining Company by inducing Segal to borrow from Kissel, acting as a broker, and the agent for a lender unknown at the time the loan was made, whereas the lender was the defendant corporation, $1,250,000 and to transfer to Kissel with a majority stock a voting power as the holder of 26,000 shares of stock of the Pennsylvania Company. It is further stated that Segal was not aware that the American Sugar Refining Company was the real lender and that he did not suspect the designs of the rival corporation.

Segal, as the defendants then well knew, the indictment continues, would be dependent upon the dividends from the business of the Pennsylvania Company to pay such interest and repay the borrowed principal, and in case the business of that company was shut down Segal's financial affairs would be put in a "ruinous condition" and the hold upon both Segal and the company by the defendant would be continued and greatly strengthened.

Kissel, it is charged, in pursuance of this power, attended a stockholders' meeting of the Pennsylvania Company on December 30, 1903, at Philadelphia and voted as a director in favor of the adoption of a resolution closing up that company's business.

THE GOVERNMENT FINANCES

Treasury Officials Pleased at Showing and Noted Improvement, Although There is a Deficit of $89,811,156.

(By Wire to the Morning Star.)

Washington, July 1.—Treasury officials are pleased at the present showing of the Government finances, ordinarily a deficit in the government revenues of $89,811,156 as shown by today's statement would not be a matter of congratulation. Nevertheless, at the close of the fiscal year 1909 the Treasury officials express much gratification that the official estimate of a deficit of $114,000,000 made last night has not been verified and are hopeful from a continuance of the improvement which has been especially noted during the last four months.

The customs receipts for the year aggregated $301,209,863, which is an increase as compared with last year of $15,000,000.

The internal revenue produced $246,329,063, a decrease of about $5,000,000. Miscellaneous receipts aggregated $56,893,919, which is a falling off of about $6,500,000. The receipts from all sources during the year aggregated $604,432,846, which is an increase over last year of $3,250,000.

On the side of expenditures the total for the year was $694,244,002, which is an increase over 1908 of about $37,000,000. The civil and miscellaneous expenditures amounted to $164,288,538, an increase of $5,000,000 over last year.

The War Department expenditures aggregated $164,100,242, an increase of $40,000,000. The navy accounts the only item in the list to show a decrease, the figures for the year having been $115,988,869, as against $118,780,233 for the year 1908.

Pension payments for the year amounted to $161,689,423, an increase of over $8,000,000.

The expenditures on account of the Panama Canal were $7,000,000 less than for last year, being $31,420,286.

BIDS FOR STATE PRINTING.

Raleigh and Charlotte Concerns Submit Proposals for Contract.

(Special Star Telegram.)

Raleigh, N. C., July 1.—E. M. Uzzell & Co., the present State printers, and Edwards & Broughton Co., of Raleigh, submit a joint bid for the State printing, terms about the same as the present contract with Uzzell, except the charge for machine composition is advanced to 30 cents a thousand. The Observer Company and Ray Printing Co., of Charlotte, submit bids to take the general run of State printing except legislative work and the printing of the public and private acts of the Legislature and Supreme Court reports. Terms of these bids, opened today, are not made public. The council of State reserves action as to the award for further investiagtion.

State Bar Association Holds Interesting Sessions—Address by Mr. Osborne—Important Resolutions—Wilmington Men.

(Special Star Telegram.)

Asheville, N. C., July 1.—With the membership raised to the coveted number of 500, the North Carolina State Bar Association met this morning for the first business session of the convention and continued in session until after 2 o'clock when an adjournment was taken until this evening when Mr. James M. Osborne, of New York, formerly of this State and a brother of Mr. Frank I. Osborne, of Charlotte, made an excellent address upon "Reminiscences of the New York Bar."

The principal feature of the forenoon session was the address of Mr. Thomas Settle, of this city, upon the duty of the legal profession in rebuilding the South and the reports of the committees and the adoption of two resolutions in regard to disbarment of attorneys and higher standards for entrance to the bar.

Mr. Settle spoke somewhat of the political conditions saying that both parties have but traditions and tendencies and are on the throes of the inexorable law of change. He also urged upon the profession the great work to be done and closed with a firm belief that the South would fulfill her destiny.

Mr. George Rountree, of Wilmington, presented a resolution of sympathy to the members who are ill. This was adopted by a rising vote. One of the most important resolutions was one presented by Mr. Thomas W. Davis, of Wilmington. This resolution

BINGHAM REMOVED

New York City Stirred Over Action of Mayor McClellan.

ORDERS WERE DISREGARDED

Police Commissioner Declares His Removal Was for Political Purpose—Refused to Discharge Several Lieutenants.

(By Wire to the Morning Star.)

New York, July 1.—One of the most drastic upheavals in New York City's police history occurred today when Mayor McClellan summarily removed Commissioner Theodore A. Bingham for insubordination, after the latter's refusal to comply with certain revolutionary orders issued by the Mayor yesterday. The Mayor's order came at the conclusion of his investigation into the alleged persecution by the police of George B. Duffy, an inconspicuous and almost friendless Brooklyn lad, who it was averred, was repeatedly arrested without just cause and whose photograph was retained in the rogues' gallery despite the failure of the police to obtain a conviction against him. The Mayor held that at least two of General Bingham's lieutenants were guilty of misconduct in this affair, and accordingly he demanded their removal.

With General Bingham's retirement today went several of his closest advisers and the leading supporters of his regime. As the head of the new regime the Mayor at once appointed William F. Baker, hitherto a deputy commissioner, who indicated that a considerable change in the policy of the department was to be expected. "The law will hereafter be enforced," he declared, "with reference to the fact that New York is a cosmopolitan city with a cosmopolitan population."

General Bingham and his friends were tonight outspoken in their declaration that the principal rise for the Mayor's act were political and that the commissioner's independence of the politicians had resulted in his removal only a few months before the important municipal elections of the Autumn. In a statement tonight the Commissioner said: "I leave the office with very little regret. It is a fatigueing task, and this is what it leads to.

"Politics have brought about this change. I have done the best I could to give the city a clean and honest police administration free from any tinge of any party politics. But with the approach of an election the bosses were satisfied that it would never do to have a police commissioner who gave a square deal all around.

"There are many things in the administration of New York police system which should be changed. I was changing them as fast as possible—too fast, I guess, from the outcome.

"Above all I have tried to keep the police department free from political control and it is to say that as a result I have been the most unpopular commissioner among the politicians that New York has ever had."

General Bingham, who is a graduate of West Point, came to the New York police department shortly after he had retired from the United States Army with the rank of Brigadier General. He had occupied the post of Superintendent of Public Grounds and Buildings at Washington, but when President Roosevelt succeeded McKinley frequent difference of opinion between the two resulted in General Bingham's removal to an army post in Buffalo, where the loss of a leg in the performance of his duties resulted in his retirement.

His appointment as police commissioner was Mayor McClellan's declaration of independence of Tammany Hall and of opposition to political control of the police.

General Bingham's last important official act was his acceptance of the resignations of his secretary, Daniel G. Slattery, and his deputy commissioners, Bert Hanson, F. Bugher and Arthur Woods. He had previously declined to oust Slattery and Hanson, whose removal the Mayor demanded and it was principally upon this point that the split came.

FIRST BALE NEW COTTON

Auctioned in New York and Brought 33 Cents a Pound.

(By Wire to the Morning Star.)

New York, N. Y., July 1.—The first bale of cotton raised in the United States this season was sold at auction in front of the Cotton Exchange today, as is the yearly custom with the first cotton bale. It brought 33 cents a pound. Leigh M. Pearsall, the buyer, will ship the cotton to Ellison & Co., of Liverpool, Saturday on the steamer Caronia. The bale was grown in Hildago county, Texas and shipped to Houston where it was at auction at 85 cents a pound and then consigned here.

SENATE IN FLURRY

Income Tax Amendment was Under Consideration.

BUCKLEY PREVENTED VOTE

Connecticut Senator Opposes Corporation Tax and Will Fight It—Question May Be Postponed to Next Session.

(By Wire to the Morning Star.)

Washington, D. C., July 1.—The Senate "came within one" today of agreeing to vote next Tuesday on the entire income tax amendment to the tariff bill, including the corporation tax substitute. The compact was prevented by the objection of Senator Bulkeley and his opposition aroused no little feeling.

The proposition took the form of a request from Senator Flint in the absence of Senator Aldrich, in charge of the tariff bill for unanimous consent to vote on the Bailey-Cummins income tax amendment and all of the amendments to the amendment at 12 o'clock next Tuesday, with the understanding that the Senate should remain in session until all these questions should be disposed of. The suggestion created a general flurry in the Senate. There was the usual animated gathering in the center aisle. A number of Senators asked to be heard and the proceeding for a brief time took on the appearance of a general conversation at a sewing bee.

One Senator after another expressed his consent to the proposition, until for a few moments it looked as if all objections would be brushed away and all factions satisfied. Just as the Vice President was stating the agreement for about the third time Mr. Bulkeley loomed up and proceeded to say that he could not agree that the vote should be taken at the time specified. He did not then give his reason and he was immediately beset by a dozen or more Senators in the hope of prevailing upon him to desist from his opposition. It turned out that while he was opposed to the corporation tax amendment, this was not his real reason, but that he expected to be absent from the city next Tuesday and did not want the vote recorded while he was away. It seems that some of Mr. Bulkeley's constituents are very strongly opposed to the corporation provision and sharing in their feeling he desires to make as strong a fight as possible against it. He, therefore, desires to be on hand up to the last moment, and in view of the fact that he expects to be in Connecticut with the President next Tuesday he found it quite impossible to give his attention to the amendment on that day. He did not, therefore, change his mind but when the Senate adjourned many of the Connecticut Senator's colleagues were hopeful that he might be found more yielding tomorrow.

It was evident when Senator Flint made his proposition that the discussion of the income tax question had been almost if not quite exhausted. There were today several speeches for and against the measure, Mr. Borah leading off in favor of the income tax, but opposed to the corporation tax, and Mr. Root following on the other side and advocating the corporation tax, but opposing the income tax. Other speakers of the day were Senator Clapp and Senator Owen favoring an income tax, with incidental remarks by Senator Flint and others.

It was evident throughout the entire day that the corporation tax question had failed to arouse as much interest in the Senate as had been expected it would and some suggestions were heard in support of a proposition looking to the postponement of the entire income tax question, including corporation tax and inheritance tax, until next session. The fact, however, that the President is so strongly urging the tax on corporations stood in the way of the acceptance of any suggestion of this kind and it was not seriously urged.

The Senate at 4:30 o'clock adjourned.

House Proceedings.

Washington, D. C., July 1.—The House met today, approved the journal, listened to Chaplain Couden's prayer, received a routine message from the President, declined to consider a bridge bill brought up by Representative Hobson, of Alabama, and adjourned within twelve minutes.

NEW LINCOLN PENNIES COINED.

Hundred and Fifty Thousand Ready for Circulation.

(By Wire to the Morning Star.)

Philadelphia, July 1.—The new Lincoln pennies coined at the United States mint in this city are ready for delivery. There are now 150,000 of the new pennies in the vaults of the mint and they will be placed in circulation as soon as orders are received from Washington. The new pieces are much like the old ones with the exception of the Indian head. In its place is a profile of Abraham Lincoln.

MESSINA IS AGAIN SHAKEN

Violent Earthquakes Crashed Walls in the Ruins and Threw People Into State of Terror—Flocked to American Quarters.

(By Cable to the Morning Star.)

Messina, July 1.—Messina experienced two terrific earthquakes at about 7:30 o'clock this morning which were accompanied by roaring sounds and are said to have had a stronger and more undulatory movement than the earthquakes of last December which destroyed Messina, Reggio and other cities, laid waste to many villages in Calabria and killed 200,000 people.

Although the shocks today had no such terrible consequences the 25,000 residents of this city were thrown into a state of terror. They ran into the streets panic stricken and tonight nearly the entire population is encamped in the open.

The broken walls of the old ruins were thrown together and Messina was for a few minues smothered in a cloud of dust. The casualties were few and it is believed, after a hasty search of the new ruins, that no one was killed. A woman and her child were buried in a mass of wreckage but soldiers and police who set to work with feverish haste to rescue them, succeeded in removing the child alive, and it is thought that the woman, too, is alive, although she has not been uncovered.

The first shock was followed quickly by a second and the people fled pell mell to the American quarter, which they seemed to feel was their safest place of refuge. So great was the rush to the American huts that the authorities were unable to check the invasion and as a consequence these structures which were designed for the most needy of the populace were taken possession of by the first comers.

The soldiers, however, soon drew a cordon around this quarter and a guard was mounted at the bridge leading to it. Many of the panic stricken people were driven off and orders were issued that no one be permitted to occupy the American quarter pending further instructions. Reggio suffered almost as severe a shock as Messina.

OLIVER'S CLAIM AGAINST CUBA

Havana Government Has Arranged to Pay $120,000.

(By Wire to the Morning Star.)

Washington, July 1.—The Cuban Government has met certain obligations due William J. Oliver of Knoxville, Tenn., to June 1 for work under what is generally known as the Oliver road building contract. American Minister Morgan at Havana has so advised the State Department. The Cubans have been backward in making monthly settlements for this work since the retirement of Provincial Governor Magoon. About $120,000 indebtedness had accrued and Mr. Oliver is said to have personally protested to President Taft with the view to formally calling the attention of the Cuban Government to the matter. One of the contracts involved was made by Governor Magoon during American intervention.

WRIGHTS' DAY OF SUCCESS

New Aeroplane Made Three Long Flights—Fort Myer the Scene of Cheering Thousands—Much Credit Due Aviators.

(By Wire to the Morning Star.)

Washington, July 1.—Calm, confident and nerveless, Orville Wright late today encircled the Fort Myer drill grounds time after time in his aeroplane in three successful flights while a crowd of thousands cheered him for the success that attended his persistency and pluck.

While the machine oscillated at certain points in its flights and dipped and rose suddenly at other points, it was evident from the regularity with which these things happened that they were due to the condition of the atmosphere and not to any fault of the machine.

For the first flight the machine got away with a fine start. Down the field the aeroplane sailed, curved gracefully and came back up the east side of the field along the edge of Arlington cemetery. The machine seemed to be behaving beautifully. The first round was made in 50 seconds. Five times the machine skirted the field, attaining a height which varied from 15 to 30 feet.

On the sixth round Mr. Wright came to earth within a few hundred feet of the starting point, completing the flight in exactly five minutes. The landing was perfect, the machine swooping down in successive glides until within a few feet of the earth, when Orville pulled the string which stopped the motor and the aeroplane glided smoothly over the grass on its skids until it came to a stop. The machine was returned to the starting apparatus and again was placed in position, and another flight was assayed.

Weary with travel since 4 o'clock yesterday morning, the Highlanders were easy for the Sailor lads at League Park yesterday afternoon, the score being three to two. Neither team apparently had much incentive to play snappy ball and the game dragged wearily through nine innings with the final result at no time in doubt.

Wilmington put in a lead of two runs in the first inning after Hemp flew out to left and Nichols fanned, Smith and Brodie being safe on error of first and third, respectively, scoring on successive singles by Levy and Sharp, and one more was added in the third when Nichols was safe on error of third, stole second, was sacrificed to third by Brodie after Smith had fanned and came home when Levy was safe on error of second, Sharp popping out to catcher. In this inning Manager Guerrant, who was not playing, sent O'Neill from second to short, McKernan going to second and Johnston to the bench. Clark, of Clarkton, a Davidson college man, joined the Highlanders here and played third base for the afternoon.

Fayetteville put in her two runs in the third when Galvin led off with a single to left and he and Muir were safe on Smith's bad throw of the latter's hit to first; then on another bad throw of Lohr's hit from Levy to third, Galvin was caught by Levy at the home place, Lohr and Muir scoring on a beautiful drive of Clemens to centre for two bases after O'Neill flew to first. It looked like more runs when Schumaker hit a hot one through short and stole second, but Streaser flew to Brodie. Then there was no more run getting, Levy closing up the nine innings, allowing Fayetteville only four hits while off Muir, the locals garnered five. The latter, however, pitched magnificent ball and but for the six errors behind him, the result might have been otherwise.

Goldsboro is Hot.

Goldsboro, N. C., July 1.—The Goldsboro Argus today has the following: "Wilson was outplayed at every point, and the visitors took their decided defeat hard and in ugly and in disgusting conduct on the part of their Manager, Mr. Holt. His conduct and language were most reprehensible, and his subsequent charge that the umpire, Mr. Accorsini, had sold the game was a gratuitous insult to Goldsboro, for we play the game in honor and our team takes defeat as they do victory, as the game goes, without questioning the integrity of the umpire.

"That Mr. Accorsini has been discharged by President Washington upon the demand of Wilson's team manager is a great injustice to the league and if there be no remedy for such

WADESBORO A RAILROAD CENTRE.

The Star several days ago spoke of the importance to Wadesboro of the plans now on foot by the Atlantic Coast Line and the Norfolk and Western Railroad Company to complete the projected Southbound Railroad from Wadesboro to Winston-Salem. The jubilation of the people of Anson's county site is pardonable, for the new deal will make Wadesboro a railroad centre of considerable importance. We have already said that Wadesboro is logically the location for the new road's shops, and while the Coast Line and Norfolk and Western people have not intimated such a thing, we believe that Wadesboro will get the shops if her citizens will make the proper effots. That would mean a good deal for the town, and consequently the people there are feeling good over the bright future in store for them. Referring to the enviable position of Wadesboro, the Charlotte Observer of yesterday says:

"In addition to its outlet to the south by the Atlantic Coast Line and east and west over the Seaboard Air Line it will have a new direct line over the former and the Norfolk & Western, with close traffic relations between them, to the Virginia coal fields and to the West and Northwest. Besides these advantages, the Southbound may be the cause of another big railroad system entering the town. The Southern Railway has a road extending southeastward from Salisbury with its present terminus at Norwood, in Stanly county, scarcely more than twenty miles from Wadesboro. With this link built, and possibly with a small distance saving link built between Mocksville and Salisbury, the Southern could qualify for full partnership in the vast developments.

"There appears to have been an agreement—if not an express agreement, an understanding—among the three largest railroad systems in this State that they would not invade each other's territory. The building of the Southbound road by the Atlantic Coast Line, conjointly with the Norfolk & Western, would seem to be a violation of that agreement or understanding; for the line will traverse territory exclusively the Southern Railway's and terminate northward at a point which is mainly Southern Railway territory. To offset this move by the Atlantic Coast Line it would appear a natural thing for the Southern to extend from Norwood to Wadesboro, where it would connect with the Seaboard Air Line and be able to get into Wilmington, 135 miles away—a shorter distance to tide-water than over the Coast Line to Charleston. The people of Wadesboro are already looking for some movement on the part of the Southern indicating that it will build to their town. They are expecting to come.

"There are several existing conditions and occurrences in recent years which lead the public to believe that there is an agreement among these three railroad systems not to invade each other's territory. The most striking is the line of road which the Coast Line is operating from Rocky Mount to Spring Hope, which is only nineteen miles from Raleigh. The road was built to that point some years ago and there it stopped and no steps have been taken to extend it on to the State capital. It would get into Southern territory if this link were built. Again, when the Coast Line bought the road from Wilmington to Mount Airy it transferred to the Southern all that part of the line west of Sanford, the Seaboard Air Line junction point, each of the two operating the part which lay within its terrotory.

"The Wadesboro people hope that, if such an agreement has existed and the Atlantic Coast Line has violated it in undertaking to build the Southbound, the Southern will be at liberty to extend its line and will do so. This step would benefit not only Wadesboro but all the territory along the line toward Winston-Salem, including Albemarle, Salisbury, Mocksville and Winston-Salem itself. Main line and Western Railroad points, tapped at Salisbury, would have a useful new connection. It would also mean another important feeder emptying into the funnel open at Wadesboro for Charleston.

"There is a possibility of still one more railroad for Wadesboro. President Thomas, of the road now running from Thomasville to Denton, in Davidson county, says he will extend his road to Wadesboro also, using part of the track of the Southern. It seems that Wadesboro is attracting attention among the railroads and is likely to become an important centre."

SPEND YOUR MONEY AT HOME.

Every dollar that is kept at home helps to build up Wilmington. Every dollar that is sent away helps to build up some other city. By spending your money in Wilmington for whatever is manufactured or sold here you will keep your money at home where it will circulate and you will stand a chance of getting it back in a business way. At least you will have the satisfaction of knowing that you take a hand in helping to make some industry or business a success and thereby contributed to the prosperity and development of your city. When we contribute our share to the success of industries and trades the effect will be noted in the prosperity of our community.

CURRENT COMMENT.

—Durham's manufactured goods are going into other markets right along. The second shipment of W. L. Walker's Durham tobacco went to Honolulu, Hawaii, yesterday. This is a new manufacturing concern, and is making good in its smoking tobacco.—Durham Sun.

—The Wilmington Star has no use for those persons who oppose extra tax for better schools or are not advocates of the good roads movement. It says that "communities which wont vote for taxes to keep up good schools are undesirable neighborhoods for new settlers and a county without good roads is a good roosting place for crows." Which leaves no doubt whatever about its opinion upon the subject.—Charlotte Observer. The Star is right, too.—Eastern Carolina News, Kenansville.

—Senator Aldrich's candid admission that he accepts the corporation income tax as a means of defeating the Bailey-Cummins straight income tax and hopes for its repeal after a year or two will certainly give no pleasure to President Taft, his ally on this programme. Mr. Aldrich did not go so far as to avow, what is equally true, that the privilege of making the tariff unmolested constitutes another powerful motive for docility as regards the corporation tax, but from a White House standpoint he said too much. Mr. Taft is left in rather an awkward position.—Charlotte Observer.

TWINKLINGS.

—"Father," said little Rollo, "what is a foible?" "A foible, my son, is something somebody else is interested in and you are not."—Washington Star.

—Griggs—The doctor said I must throw up everything and take a sea voyage. Mr. Briggs—Got the cart before the horse, didn't you?"—Boston Transcript.

—"I understand that manager is paying fabulous salaries to his leading singers." "Not fabulous," rejoined the synical press agent. "fictitions."—Washington Star.

—Doctor—Did you give your husband the powder I left, Mrs. Mulligan? Mrs. Mulligan—Indeed Oi did, sor. An' he's been blowing me up ivir since.—Judge.

—"She is two-faced!" exclaimed the irate woman. "Oh, well," answered Miss Cayenne, "most of us have one face for family breakfasts and another for evening parties."—Washington Star.

—Mrs. Dorcas—Why did yiu expel her from the women's club? Mrs. Learned—She proposed a motion that instead of engaging a professor of Hindu philosophy, we should hire some one to teach us how to get into a cab, how to sharpen a pencil, and how to carry an umbrella in a crowd. —Tit-Bits.

—Maxton, June 28.—Our town was saddened Thursday when the death of Mr. Luther Currie was announced. Mr. Currie went to Fayetteville Monday to be operated on for appendicitis, from an attack of which he was just recovering. Wednesday the operation was attempted but for some reason it was discontinued and attempted again the next day, when he died from the effects of the anesthetic. He lavs a mother, four brothers and three sisters.

President Taft left Washington yesterday for New Haven to attend commencement exercises at Yale University.

Tortured on a Horse.

"For ten years I couldn't ride a horse without being in torture from piles," writes L. S. Napier, of Rugless, Ky., "when all doctors and other remedies failed, Bucklen's Arnica Salve cured me." A "Square Deal"

For Women

It is often argued that women do not have an equal chance with men, because women suffer so much from pain and weakness. In a general sense, it is true that women bear more physical pain than men. However, the belief that women must suffer regularly, on account of ailments and weakness peculiar to their sex, has been successfully contradicted by the relief so many women have obtained by the use of Cardui, that great remedy for women.

Mrs. S. J. Kintner, of R. F. D. No. 2, Defiance, Ohio, tried Cardui and of her experience she writes: "I have taken six bottles of Cardui and have been greatly benefited. Before taking Cardui, I couldn't be on my feet half an hour at a time, but now I can work all day. I sleep well and the pain in my right side and lower limbs is all gone. I am in better health than I have been for five years. I shall recommend Cardui to all my friends."

What Cardui has done for Mrs. Kintner and other women, it surely can do for you. Try it once. Give yourself a "square deal." Cardui is sold everywhere, by all reliable druggists, with instructions for use.

FOR ELLIOTT CLOSED CUP

The North Carolina Standard for Illuminating Oils Endorsed.

The oil committee of the Department of Agriculture has adopted the Elliott Closed Cup to determine the matter of the standard for illuminating oils. Upon this subject Mr. R. N. Reed, manager of the Gulf Refining Company, of Atlanta, Ga., in a letter to Commissioner Graham, says:

"I note there is some discussion as to style of fire testing cup to be adopted. The Elliott closed cup is the best and most severe testing cup now in use in any of the States, North or South. It is impossible to obtain other than a correct test when the Elliott Closed Cup is used. The writer or any other oil man who is thoroughly posted can take any open cup made and make the test vary from 12 to 15 degrees. This, of course, depending on where the device is setting at time test is made. If in a slight draft, the vapors will be carried away as fast as formed, whereas in the Elliott Closed Cup there is no chance for them to be blown away, they accumulating under the closed cup.

"Pardon me for writing you on this subject, but I assume it is the desire of you and the other State officials to adopt the best testing cup, thereby assuring all residents of the State that they will secure a safe and saisfactory illuminating oil."

Life 100,000 Years Ago.

Scientists has found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and $1.00. Guaranteed by R. R. Bellamy. Trial bottle free.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. Robt. R. Bellamy.

The Acclimated Piano

In buying a piano let tonal quality by all means be an important consideration—but let the chief question be, "How long will that tonal quality be maintained?"

And this is where the

Mathushek Piano

particularly excels; for this world-famous piano—40,000 in use—is built to withstand the ravages of the fickle, trying southern climate.

One of its unusual advantages is the "bushed" or insulated tuning pins which keep the tension of the strings uniform regardless of temperature or weather conditions, *making frequent tuning unnecessary, and ensuring a permanence of musical quality.*

Other Mathushek features are the Improved Muffler, or Soft Stop, and the Sostenuto or Tone-Sustaining Pedal, which is much more effective than in other pianos.

This splendid Instrument can be bought practically on rental terms. $25 cash and balance as little as $10 a month. Old piano taken in part payment.

Style 20, shown above, is the equal of any $600 piano of other makes. Its price is $450 on the easy terms just stated.

See the Mathushek before buying any piano. Write for handsome descriptive catalogue, free on request.

DAY'S DOINGS IN RALEIGH

Mattamuskeet Lake Drainage Proposition—Equipment for National Guard Arriving—Salvation Army Case—Notes.

(Special Star Correspondence.)

Raleigh, N. C., July 1.—The Council of State had a long conference today with United States Drainage Engineer J. O. Wright with reference to the drainage of Mattamuskeet Lake, Hyde county, and the sale of 50,000 acres of the lake bed, which will make the richest trucking land in the country. No details of the session were given out.

It is learned, however, that the Board of Education nas really decided to sell the lake bottom to certain Ohio capitalists for $100,000, conditioned on the purchasers' entering upon a drainage district agreement with owners of 125,000 adjacent swamp lands to effect the drainage of the entire district, a stock company to be formed under the laws of North Carolina. This is regarded preferable to the State's entering upon the drainage scheme.

Frank Hill, 31 years old serving five years from Cherokee county for manslaughter, and D. F. Benge, 45 years old, four years from Polk county, for embezzlement, both white, escaped from the truck farm of the State prison today and rewards are offered for their capture.

Gen. T. R. Robertson, ordnance officer of the National Guard, is receiving shipments from the War Department aggregating $35,000 in value for the better equipment of the troops and for getting on the regular army basis of equipment by January 1910. The equipment includes everything from tents and tent poles to hair brushes and tooth brushes. Six hundred overcoats are included in the consignment. Also 264 standard rifles, this making the full quota of 58 for each company in the State.

The case against the Salvation Army workers, Frank Winchester and wife, for holding street services in defiance of the order of Mayor Wynne, goes over to Saturday at the request of J. W. Bailey, counsel for the Winchesters. The mayor says he simply exercised his right of discretion as to who shall be licensed to hold street meetings. The Winchesters claim that they are being discriminated against and persecuted.

Because Walen C. Matthews, of Apex, became uneasy about being on his $200 bond to the extent of $150 William Jones was rearrested today and remanded to jail for the July term of court. He has appealed from an 18-months sentence to the roads for illegal relations with Maude Kelly in the case that stirred the sensation involving, many believe, without any ground whatever, the good name of Major Hiram L. Grant, clerk of the Federal Court. The woman is also in jail under 18-months sentence to the roads without being able to give bond for an appeal she has taken to the Superior Court.

FOR VIOLATING ANTI-TRUST LAW

Government's Case Against Coal Roads Postponed.

(By Wire to the Morning Star.)

New York, June 30.—The coal carrying railroads today concluded their presentation of evidence in defense of a suit brought by the government under the anti-trust law, with the submission of testimony by President E. B. Thomas, of the Lehigh Valley Railroad Company, and President William H. Truesdale, of the Lackawanna. It was agreed to postpone the taking of testimony in rebuttal for the government until September.

Mr. Truesdale denied the existence of a rate agreement between the anthracite roads. He admitted, however, that representatives of the various systems met occasionally to discuss selling prices and practically all of them adopted uniform rates. The Lackawanna, he testified, had not made a rate reduction since 1903, in which year a change was brought about by the complaint of an independent operator, that the Lackawanna was charging more than other roads.

—Whiteville News Reporter: Saturday afternoon, near Fair Bluff, Wesley Smith was shot and killed by John Gore, both colored. They were in the camp of the Butters Lumber Co., and Wesley Smith, the dead negro, was a member of the working crew who are building another road for the company. It seems that John Gore was discharged several days before the shooting for refusing to do some work that took him into the water. Ever since this negro's dismissal he has loafed around the camp and lived by stealing the working negroes' rations. Saturday he stole Wesley Smith's dinner, and they had a quarrel. Gore, after the shooting, went right over the river to Mr. Griffin, the foreman, and told him he had shot Wesley Smith. Later on, ascertaining that the negro was dead, Mr. Griffin and Captain Davenport, the white men at the scene, tied John Gore in the presence of 15 other negroes, who offered no resistance whatever, and brought him to Boardman. Gore was given a preliminary hearing before Magistrate Stone and bound over to court, and carried to Whiteville jail. The body of the dead negro was put on a hand-car and carried to Fair Bluff. Both are from Fair Bliff and about 18 years of age.

W. S. Murphy and Denis O'Neal, car repairers, died last night from injuries received in the Louisville and Nashville yards yesterday when they were crushed under cars upon which they were working. It is said that an engine crew disregarded a signal which denoted that the men were working under the cars.

The negroes are charged with breaking into a shanty car and stealing some clothing and were wearing overalls stolen from the car when arrested.

—Deeds were filed for record yesterday as follows: J. F. Garrell and wife and Joseph D. Smith and wife to Lucy M. Skinner, for $10 and other considerations, two-thirds interest in 68 acres of land on Wild Cat Swamp; People's Savings Bank to Josephine B. Metts, for $100 and other considerations, lot on corner of Jasmine and Orange streets, 75x231 feet in size.

THE RECORDER'S COURT

John Moore Failed to Appear Against Alleged "Blind Tiger."

John Moore, a white man, failed to appear in the Recorder's court yesterday morning as a witness against Boy Mitchell, colored, who was arrested Wednesday night for selling whiskey. A capias was issued for the arrest of Moore and if he is found he will likely be held until court convenes. Moore was arrested a few nights ago on the charge of drunkenness and was recognized for his appearance at court but failed to answer. He was re-arrested Wednesday night and while at the police headquarters he told the officers that he purchased the whiskey from Boy Mitchell, and a warrant was immediately sworn out and served on the negro. While returning to his room in the Bonitz House, on Market street, early yesterday morning some one attacked Moore and beat him severely in the face. He was sent to the hospital where his wounds were dressed and he was allowed to leave the institution later. He was at police headquarters some time during the morning, but when court convened he could not be found.

Last night Assistant Chief of Police Burnett received information that Moore had been seen at Wrightsboro, four miles above here, and he detailed Patrolman H. P. Merritt to go there and search for him. Officer Merritt learned that Moore was carried there late in the afternoon in a buggy and boarded the northbound evening train.

It seems that while on his way to his room someone nailed Moore and asked him the way to The Orton. Moore turned to point in the direction of the hotel and when he did the person pretending to seek information, struck him down with a pair of knucks or some other weapon.

E. M. Green, colored, paid over to Clerk Skipper yesterday $100, the amount of the bond of Louis Carter, colored, who failed to appear Wednesday to answer to the charge of shooting Thomas Reynolds, colored. Zack Taylor, colored, was fined $5 and taxed with the costs for drunkenness and disorderly conduct. Louise Robinson, colored, was required to pay costs in a case against her for disorderly conduct.

Meeting of the Elks.

At the regular meeting of Wilmington Lodge No. 532, B. P. O. E., last night, Col. W. F. Robertson for business reasons, tendered his resignation as one of the trustees and Mr. John G. L. Gieschen was elected over Mr. W. A. French to fill the vacancy. To fill the vacancy as Esteemed Loyal Knight, Messrs. H. E. Longley and W. A. French were nominated, the first named being elected. After the regular meeting of the lodge, refreshments were served and a social session was enjoyed.

emergency then a remedy should be provided, or else let Wilson's team manager say what the result of the games his team plays in shall be in advance and do away with the umpire altogether when Wilson plays ball. Mr. Accorsini's decisions yesterday were eminently fair and non-partial, while the muffing of balls by Wilson's first baseman and the passed ball of their catcher turned the game to Goldsboro easily."

Five Innings at Rocky Mount.

Rocky Mount, N. C., July 1.—In five innings between Goldsboro and the Railroaders this afternoon, neither side was able to push a man across the rubber before the game was called on account of rain. Score:

Rocky Mount .....000 00—0 2 0
Goldsboro .....000 00—0 1 6

O'Gara and Stephens; Otis and Stubbe; umpire Barr; time 50 minutes; attendance 475.

One Inning at Wilson.

Wilson, N. C., July 1.—The game here was called on account of rain today after each team had played one inning without scoring.

SNICKERS.

One!

'Twas Levy day.

Muir twirled a good game for the Highlanders.

Can't somebody recommend an antidote for errors.

The game was strictly an infield affair, and of a rather lukewarm character.

Hits were seldom.

Schumaker led the sticking for the visitors.

Two new infielders, Haunke and Manus, first and third baseman, respectively, have joined Rocky Mount, both hailing from Chattanooga.

The Raleigh Observer goes on: "—— that Wilmington is about the strongest hitting aggregation that has been here." Which is saying lots.

Little Sharpie also poled out a couple of bingles, and made a lightning recovery of an offering off Streaser's bat throwing out that bunch of speed at first.

'Twas a sight for inflamed eyes to see "old King" Kelly back on the ball yard, this time as His Umps, succeeding Accorsini, whom it is reported has joined Goldsboro.

Nichols had 16 put-outs to his credit on the initial sack, and made a tasty play in soaring to Alpine heights after a wild throw which he speared, and dropped on the cushion for a put-out.

Hallman will be the boxman for the Highlanders today, and either Howard or Ashton, who arrived last night, for the Sailors. The new backstop and short-fielder from Amherst are expected tomorrow, and Ross should pull in some time today.

"Handsome Harry" Levy holds a high hand in the Capital City, brought about by his consistent batting and work on the rubber, and his everyday habit of pursuing the even tenor of his way, come what may, instead of continually squabbling. This is what has gotten next to the Raleigh bugs.

Come on out and let's show a better attendance today. There was a very slim crowd at the Park yesterday.

Those were hard words in Wednesday's Fayetteville Observer, with us in the leading role, and it hurt all the more because our remarks, to which exception was taken, were misconstrued. Dragging the Fayetteville flingers was furtherest from our thoughts, as we were only endeavoring to wrestle out the reason why the local management should have seen fit to turn over one of our few pitchers to a team that, according to the Fayetteville dopist, was already supplied with a strong selection of slabbites. "Why, child; Fayetteville is a second Wilmington to us, and we'd rather have the ground-itch any day in the week than knock even one of the Highlanders' ball tossers." And with this explanation, and harboring no resentment, we're ready to inter the battle-axe. Taman!

ALDERMEN MEET TONIGHT

Contract For Street Cleaning to be Considered—Other Matters.

The special, called meeting of the Board of Aldermen tonight promises to be one of the most important of the year. It is primarily for the purpose of passing upon bids which have been furnished, pursuant to call of the Mayor, for the street cleaning and the removing of trash and garbage. The contract method of doing this work has previously been agreed upon by the Aldermen and the bids have been called for under the strictest regulations as drawn by City Attorney McClammy, but it is understood that there is a movement on the Board to discard the contract system and have the city do this work on its own account. The question will be finally decided tonight. While the city charter provides specifically that this work shall be done by contract, this provision has not been complied with only during the past two or three years and the Board may revert to the old plan of the city's doing this work as it was carried on a few years ago.

The matter of street cleaning is being considered very generally by Southern cities just at present and nearly all have adopted the contract system. Charlotte recently called for bids for its street cleaning and the removal of garbage and the Raleigh News and Observer, which was the organ of the good government league during the recent campaign, came out strongly in an editorial for the contract system. The action of the Board tonight will be watched with considerable interest by the public.

BIG INCREASE IN RECEIPTS

Five Per Cent. Gain in Postoffice Business During Past Year—Last Quarter Shows Increase of Double That.

The progress of a city is amply reflected in the postoffice receipts, and judging from the increase in the Wilmington office for the fiscal year ending June 30th, this city has forged ahead, especially during the last quarter of the year.

The receipts for the quarter ending June 30th were $24,487.30, and for the corresponding period last year, $22,073.08, an increase of $2,414.22, or 11 per cent. The total receipts for the year ending June 30th were $100,683.90, while for the year preceding they were only $95,554.62, a gain of $5,129,28, or about 5 per cent. It will be noted that the increase in the last quarter is very nearly half of the gain for the year, which, if it means anything, is an indication of the resumption of business generally and the passing of the financial depression.

Another interesting feature in connection with the report of Postmaster T. E. Wallace at this season of the year is with reference to the special delivery business of the office. The report made to the Postoffice Department shows that the number of letters and parcels received from other postoffices were 9,006, while 282 letters and parcels were deposited locally, making a total of 9,288. Of this number all but 65 were delivered and the failure to make deliveries of these was caused by incomplete addresses in some instances and in others the addressees had left the city. The local office paid out $720.48 for this purpose and the average time consumed in making a delivery was 10 minutes.

HIGH CARNIVAL TONIGHT.

Unique Entertainment by Junior League of Trinity Church.

A novel and pleasing entertainment has been arranged for this evening by the Junior League of Trinity Methodist church, to be given on the church lot, corner of Market and Ninth street, when the members of the League will assemble in high carnival to entertain their friends.

There will be Indians from the far West, Japs and Chinese from the Orient, prim Puritan maidens, clowns and dainty fairies to assist the Goddess of Liberty in carrying the unique event to success in honor of the glorious Fourth. High carnival begins at 8 o'clock and the public is invited. There will be fireworks and refreshments for sale and a prize cake for the popular girl. The proceeds will be for the church building fund.

WILL MEET IN CHARLOTTE

Sixth Annual Convention of North Carolina Rural Letter Carriers' Association Monday and Tuesday—The Programme.

The North Carolina Rural Letter Carriers' Association will hold its sixth annual convention in Charlotte Monday and Tuesday, July 5th and 6th, and a large number of the mail carriers in Eastern Carolina will be in attendance. The headquarters of the convention will be at the Queen City Hotel.

The convention will be called to order at 8 o'clock Monday morning by President Baines, following which committees will be appointed, the roll of officers and delegates will be called, minutes will be read and the report of the credential committee will be received. After the delegates have been seated the address of welcome will be made by Mayor T. W. Hawkins, of the Queen City, and the response will be by Mr. Thos V. Howell. One of the most important features of the morning session will be a discussion of mutual benefit insurance, a matter which was brought up and discussed at length at the recent meeting of the Eastern Carolina Association in session here. Among those who will take part in the discussion are Messrs. R. F. Gore, W. H. Andrews, Thos. V. Howell, B. L. Hester, T. S. Royster.

The afternoon session will convene at 1:30 o'clock. Reports will be received from the officers and the members will be addressed by Mr. Spillman, following which will be a memorial service at which eulogistic speeches will be made by Messrs. J. M. Ballard, R. F. Gore and Thos V. Howell. At the close of the session the delegates will be taken for an automobile ride over the good roads around Charlotte.

At Monday night's session there will be a settlement in full of the ancient inter-state question, "What did the Governor of South Carolina say to the Governor of North Carolina?" by Mr. Thos. E. Wicker, of South Carolina, member of the National executive committee. "When two pretty lasses, at the "box" as he passes—tenders the rural knight a bowl of honey, which should he smack first—the lasses, or the honey" will be answered by Messrs. Lonnie D. Hamlin, T. A. May, D. W. Mallard, T. S. Royster and others. Mr. Jacob Little and others will tell "How old shall a knight be, who wouldn't turn around to see a pretty maid fair, all beautifully arrayed?"

There will be two sessions again Tuesday, the morning session convening at 8 o'clock and the afternoon at 2 o'clock. After the convention is called to order Tuesday morning devotional exercises will be conducted, following which communications will be read and new business taken up. The report of the auditing committee will be submitted just before adjournment for a trolley ride over the city and dinner. At the afternoon session five-minute speeches containing suggestions for the betterment of rural delivery will be made by Messrs. Ballard, Rogers, Hamlin, Oscar Sutton and others. Officers for the ensuing year and delegates to the National convention will be elected and the place of next meeting and the State organ will be selected, following which the convention will adjourn.

requires all seeking admission to take the oath of the American Bar Association and also provides for disbarment by any judge in or out of court of any lawyer who has acted to degrade the profession. He also presented a resolution providing for the adoption of the canon of ethics of the National Association.

Dr. Thomas Ruffin, of Charlotte presented a resolution requiring all students to study law for two years and a strict enforcement of the preliminary qualifications. Both of the resolutions were adopted.

In the afternoon as guests of the local bar association the delegates went to Overlook Park for supper and a dance. After the adoption of the resolution proposed by Associate Justice Manning making the canon of ethics of the American Bar Association those of this association, Mr. Osborne, of New York, was introduced, and for nearly two hours he described the conditions of the legal profession in New York city, reviewing in brief the famous cases and showing by these the many hindrances of the law as practiced there. His address was full of illustrations, and given in a most fascinating manner.

According to Mr. Osborne New York is the home of law, of the lawyer, the criminal and the fakir.

The convention meets again tomorrow morning to listen to reports and several addresses. It is understood that a Wilmington man is slated for the presidency of the association. Mr. Davis, Mr. Rountree and Mr. Meares are all taking a very prominent part in the proceedings and receiving unanimous support in all their resolutions.

DENOUNCED THE PARSON.

Negro Preacher Who Went Wrong is Severely Censured.

Rev. J. R. Fagan, colored, not only lost the pastorate of Ebenezer Baptist Church on account of his recent court scrape, but has received the severe criticism of the colored Baptist ministers of the city, who, in a meeting yesterday, passed the following resolution:

"We, the Baptist Ministers' Conference of the city of Wilmington, N. C., in special session this, the 1st day of July, 1909, do enact that,

"Whereas, We find that the Rev. J. R. Fagan, pastor of Ebenezer Baptist Church was on Sunday night, June the 27th, arrested in the face of his congregation and incarcerated in the county jail of New Hanover county for seduction, conduct unbecoming to a Gospel minister, we, therefore, on the part of his acknowledgment of the charge and submitting to carry out the marriage contract, whether lawful or unlawful, to save himself from further punishment, we do hereby condemn his course to evade the law as a minister, and do by this action denounce him as a minister of the Baptist Church, colored, and ask the churches' hearty support in carrying out this order for the good of the denomination.

"Furthermore, we commend the Ebenezer Baptist Church for her prompt action in deposing such a man from her pulpit and it is in keeping with the moral guide, to-wit: When you know a brother who walks disorderly withdraw yourself from him. By order of the Baptist Ministers' Conference."

The resolutions are signed by Rev. Geo. W. Moore, D. D., president; Rev. W. H. Moore, D. D., secretary; and Revs. W. M. Devan, S. T. Shiver, J. W. Bask, executive committee.

FUNERAL OF MR. STEWART

Held Late Yesterday Afternoon—Interment in Goldsboro.

The funeral services of the late Samuel Henry Stewart, the young man who lost his life surf bathing at Wrightsville Beach Wednesday afternoon, were held from the residence of Mrs. John L. Dudley, 404 North Front street, at 6 o'clock yesterday afternoon, conducted by Rev. Dr. A. D. McClure, of St. Andrew's Presbyterian church, of which the young man was an active member. There were present a large concourse of friends, and the many beautiful floral designs attested in a measure the popularity of the young man. Both the Atlantic Coast Line and the local Odd Fellows sent handsome designs.

At the conclusion of the service the remains were tenderly borne to the union station and were carried on the 7 o'clock train to Goldsboro, where the interment will take place this morning in the Odd Fellows' Home plot in the cemetery there. Accompanying the remains were Messrs. A. B. Van Buren, J. B. Hunt, Chauncey Delamar, L. W. Moore and W. H. Yopp. The pall-bearers were: Honorary, Messrs. W. H. Yopp, Champ McD. Davis, L. W. Moore, M. W. Jacobi, W. H Sprunt and J. C. Stewart; active, Messrs. J. G. Kinsett, P. L. Sneeden, A. B. Van Buren, J. B. Dickinson, C. L. Delamar, J. B. Hunt, C. B. Parmele and Mr. Coggins.

POLVOGT'S INVENTORY SALE

Sixteenth Annual Event Now in Progress at Favorite Store.

Beginning yesterday and continuing for ten days, the 16th annual inventory sale, a merchandising event worth while to the ladies of the city and this section, will be in progress at the store of the C. W. Polvogt Co. It's stock taking time at this store and in order to reduce the immense stock, some extraordinary offerings are being made. Every article in the place has a ticket on it with the inventory price and it is advisable for the ladies to come and look over the merchandise whether they desire to buy any special article or not. No goods are being charged at these low prices but double trading stamps are offered except during the hour sales. Extra salespeople have been employed to wait on the crowds and extra delivery wagons are being used for prompt service in this particular. The hour sales each day from 10 to 11 o'clock are proving the talk of the town. See further announcements in a page advertisement in Sunday's paper.

MEET HERE TODAY

Convention of North Carolina Veterinary Medical Association.

The eighth annual convention of the North Carolina Veterinary Medical Association will be held in this city today and tomorrow. The delegates began to arrive last night and it is thought that as many as 25 prominent veterinary surgeons of the State will be here for the sessions, which will be held in the Elks' club rooms. The State Board of Examiners will meet this morning to examine applicants for license and this afternoon will be devoted to clinics. At tomorrow's session a number of interesting papers, as given in The Star Wednesday, will be read and the annual election of officers will occur.

TO INVESTIGATE FISHERIES

Joint Committee Named at Last Session of Legislature to Visit Wilmington and Confer With Fishermen July 23rd.

With a view of making a thorough investigation of the fisheries of North Carolina as provided in a resolution passed at the last session of the Legislature a joint committee from the Senate and House will visit the principal cities and towns on the water courses of the State during the month of July, and will be in Wilmington July 23rd, Representative Geo. L. Morton having received a communication to this effect from State Geologist Joseph Hyde Pratt a few days ago.

The committee is composed of Lieutenant Governor W. C. Newland, chairman; Senator John A. Barringer, Guilford county; Senator E. L. Travis, Halifax; Judge A. W. Graham, Greenville, Speaker of the House; Mr. J. H. Currie, Cumberland; Mr. Harry Stubbs, Martin; Mr. R. A. Doughton, Alleghany, and Dr. H. F. Moore, of the United States Bureau of Fisheries.

The committee will begin its tour of investigation Tuesday, July 6th, at Edenton and will wind up at Southport July 24th. The members of the committee are expected to arrive here at 1 o'clock, July 23rd, from Jacksonville, N. C., and a meeting will be held in the Court House or some other suitable place at 2 o'clock. The fishermen around Wilmington are invited and are expected to attend the meeting and give the committee such information as they deem of value. In this way the committee hopes to get a mass of information upon which to base its report to the next session of the Legislature, with a view of enacting a general law suitable for all sections of the State.

On the morning of the 24th the members of the committee will go down the Cape Fear river, returning by Southport, where a meeting will be held. The return trip will be made late in the afternoon. It has not been decided what boat the committee will use on the trip down the river.

A COMPROMISE PROBABLE.

Mr. and Mrs. Slater Recover South Wilmington Property.

A civil action entitled Nellie B. Slater and husband, Henry F. Slater, of New York, against Thomas Bacon, Jr., and wife, Anna M. Bacon, and Clayton L. Grant, Esq., started in the Superior Court here June 22nd, will in all probability be compromised. The land in question, known as the South Wilmington property and containing several hundred acres, has been transferred back to the original owners, Mr. and Mrs. Slater, of New York, the plaintiffs in the action. A deed of transfer was filed for record yesterday and the amount stipulated in the deed was $10 and other considerations.

It is understood that the only matter to be settled now is with reference to the costs to which the plaintiffs have been put in recovering the property. In the event the defendants pay the costs the civil action will likely be dropped.

THE BEACH EVENTS.

The Contests Arranged for July 5th. Will be a Feature Day.

Besides the yacht races which have been arranged at Wrightsville Beach for July 5th at 9 A. M., under the auspices of the Carolina Yacht Club, the following events are scheduled for the afternoon at 3 o'clock: Canoe race, one mile course from line on the beach through the surf, around the buoy and back to the starting point; potato race by boys under 16 and one by boys over 16; flag race by girls under 10 and girls over 10; sack race by boys under 16 and all over 16; 100 yard dash, free for all; 50-yard three-legged race by boys under 16; 75-yard three-legged race for boys all over 16; tug of war, two captains, six on a side; swimming race one-half mile course, same conditions as canoe race. There will be no entrance fee and it is desired that each event have a large number of contestants.

MOONLIGHT ON THE RIVER.

Delightful Excursions Planned by Capt. Harper on Wilmington.

Capt. John W. Harper has planned the opportunity for a delightful outing for all patrons of the steamer Wilmington this afternoon and evening. To those who would enjoy an evening at the beach with music, dancing and other pleasing diversions, the 5:15 o'clock trip of the steamer will prove most attractive, returning at night. To those who would "bask" in the beautiful moonlight these evenings, the special trip of the steamer at 8 o'clock will be found quite pleasant. The steamer will make a run down the river for some distance and returning, will take on board the party from Carolina Beach, returning to the city about midnight. The fare is only 25c and the trip will be one of the most pleasant of the year. A word to the wise is entirely sufficient.

Married Last Night.

Mr. Lambert Bennett, son of Mr. and Mrs. Owen Bennett, of Delgado, and Miss Nellie Ray, daughter of Mr. and Mrs. Joel Ray, were happily united in marriage at the home of the bride's parents at Delgado at 7:30 o'clock last evening, the ceremony being performed by Justice G. W. Bornemann in the presence of a number of friends and relatives of the young couple. A large number of friends extended best wishes.

Typo's Install Officers.

At the regular meeting of the Wilmington Typographical Union held yesterday afternoon, the following officers were installed to serve during the ensuing year: C. H. Huband, president; W. H. Register, vice president; H. D. Staniland, financial secretary; Thos. W. Barfield, recording secretary; J. H. Hewlett, treasurer; H. L. Hewett, sergeant-at-arms.

OFFICER HAD LIVELY TUSSLE

Fierce Battle Between Officer Howe and Negro Charged With Attempted Criminal Assault. Finally Arrested.

After a desperate struggle of half an hour or more during which the prowess of Deputy Sheriff Howe was put to a severe test, Joe Doe, alias Joe, a half-witted negro about 18 or 20 years old, was arrested in Brooklyn late yesterday afternoon on the charge of attempting criminal assault upon Thelma Mote, the six-year-old daughter of Mr. and Mrs. John A. Mote, 407 Smith street, and was safely landed in jail, where he is held without bail pending an investigation by Justice Sykes, who issued the warrant.

It seems from the best information that the child was attacked by the negro in the street near her home between 12 and 1 o'clock yesterday afternoon. The screams of the little girl attracted the attention of the father, who was at home for his dinner, and he ran to her rescue, but the negro had made good his escape. The child had been knocked down and choked, but whether the negro attempted to criminally assault her is a matter to be brought out at the hearing. Justice Sykes seemed to be of the opinion that it would develop only a case of simple assault, though he had not learned the full particulars. The girl knew the negro and told her father who it was that made the assault upon her. He hurried up town and had a warrant sworn out for the brute's arrest. Mr. Mote is a motorman for the Tidewater Power Company.

The warrant was placed in the hands of Deputy Sheriff Howe and he went to Brooklyn late in the afternoon in search of the negro. He found him standing on the street at Sixth and Brunswick and placed him under arrest. The negro showed signs of fight and declared that he would not go with the officer. He emphasized his statement by pounding upon Mr. Howe with his giant strength. It was a battle royal for a few minutes, when the officer got the negro to start with him. After going across the street the negro again rebelled and another fight ensued. In the meantime Officer Howe had called to Messrs. Frank Carr and Ben Kuhlken, the latter a storekeeper at Sixth and Brunswick, but he says both refused to render assistance. The negro ran under a house, going out on the opposite side and carrying the officer with him, and then over a fence and into an adjacent house. The officer placed his nippers on the negro's arm as he was about to leap from a window and as he did so the negro woman who lives in the house struck him a fearful blow on the hand, causing him to loosen his grip on the prisoner. The negro leaped to the ground and darted under the house, later running to another house, where he found protection for awhile. At this juncture officer Howe requested Mr. John Kuhlken to call police headquarters and sent a small boy to awake Patrolman E. R. Chadwick, whose home is not a great distance away. After searching about over the house for some time the officers found the negro and landed him in the patrol wagon, which had arrived in the meantime.

Deputy Sheriff Howe looked very much the worse for his encounter with the negro, having a painful wound on the hand and several small scratches. The negro imbedded his teeth in the officer's arms and shoulders several times and held on with dog-like tenacity. The officer's clothing was torn in a number of places and he will be compelled to don a new suit today.

Last night about 9 o'clock Messrs. Carr and Ben Kuhlken were arrested by Deputy Sheriffs Howe and Branch on warrants sworn out before Justice George Harriss charging them with failure to assist Officer Howe in arresting Doe when summoned to do so. The men were carried before Justice Harriss and gave bonds in the sum of $100 each for their appearance at 10 o'clock this morning for trial, John Kuhlken, a brother of Ben Kuhlken, being the bondsman. The justice frankly stated to the men that they should be severely punished, if proved, for the way they acted in refusing to assist the officer. Sam Rivenbark, a young man, stuck by the officer throughout the struggle and rendered what assistance he could in subduing the negro.

SPIRITS TURPENTINE

—The remains of A. L. Royster, who was drowned in the canal at Columbia, S. C., were interred on Thursday at Oxford, N. C., his old home.

—Whiteville News Reporter: The Whiteville Lumber Co., is now putting in some important improvements, among them a 500 h.p. Corliss engine. It took 50,000 brick to lay the foundation. The Whiteville Lumber Co., is a great enterprise for our county.

—Raleigh News and Observer: A Federal prisoner, M. Long, a white man of Columbus county, was yesterday brought to Wake county jail from the Southern District of Florida, where he had been captured after a search of five years. He is charged with having been engaged in blockading.

—Rockingham, June 30.—Rockingham, North Carolina, "The best town at all," will hold its great Home Coming and Auto Meet on July 14th, 15th, and 16th. Plans for a big time are being made and thousands of folks will attend. A ball game, athletic contests, auto races (prospects for 100 cars) and a trip to Ellerbee Springs and Blewett's Falls will be among the features of the pleasant event.

—Mayor Wynee, of Raleigh, having refused to grant permission to the American Salvation Army to conduct services and solicit contributions on the streets, the Salvationists there continued to carry out their methods. They are now charged before the Police Justice with violating a city ordinance, and there is considerable stir over it. The Mayor took action because of complaints about the Salvationists.

—Kanansville News: Sunday was an important day to the people of Kenansville and community and to all members and pastors of the Baptist church here, as this day was the 72nd anniversary of the church. The weather was delightful throughout the day and every feature of the exercises was greatly enjoyed. Devotional exercises were conducted by the pastor, Rev. B. G. Early, and Rev. R. C. Sandlin, of Clinton, preached the sermon. Mr. Sandlin is one of the former pastors of this church and it was a pleasure to all of the congregation to have him with us again.

—Raleigh News and Observer: Big shipments of military goods are coming in almost every day to the State military department from the United States Government. The value of the shipments to be sent to North Carolina will be $35,000, and these will put the North Carolina National Guard in better shape than ever before. Yesterday 264 rifles were received and with this shipment there is a rifle to every man in the State Guard, counting 58 men to a company. The equipment being sent include everything from tents and tent poles to hair brushes and tooth brushes. The goods will be largely stored in Raleigh, and the 600 overcoats the department was required to take will evidently remain in bulk for a long time.

—High Point, June 30.—Dr. J. W. Burton, one of High Point's oldest and most influential citizens and physicians, hung himself today. He left home about 9 o'clock this morning and not returning in the afternoon a search was instituted and his daughter, Miss Allie, found him in a barn at the home on Lindsay street, stiff in death. He was devoted to his wife who died some time ago and since her death visited the graveyard daily to see her grave. Old age and sorrow on this account had dethroned his reason to an extent which had been noticeable to friends for some time. Mr. Burton was 65 years of age and his father and several brothers and sisters and a large family survive.

—Newbern, June 29.—When the Firemen's Tournament meets at Asheville next week, Newbern citizens will make a strenuous endeavor to secure it here next year. A committee of prominent men will accompany the firemen there and will lay the case before the assembly in the strongest possible light. There are many reasons why Newbern should have it; the principle one is that it will be the leading feature in the 200th anniversary of the settling of the city. The citizens from this place have always been liberal patrons of the events in other cities, and have gone to every tournament in large numbers. The county and city have each pledged their support of the movement by appropriating $2,500 each, which with a popular subscription will amount to $10,000 and even more money is in sight should it be necessary. Newbern will give the fire laddies as good entertainment as any other city in the State and will make the occasion one of the best tournaments ever had in the history of the organization.

—Kenansville News: The soldiers' reunion will be held as usual on the first Thursday in August as has always been the custom. This is the ninth reunion of William J. Houston Camp of Confederate Veterans and a large crowd of people from this and all adjoining counties will be here. The Daughters of the Confederacy at Kenansville will have the table for the soldiers (only) in charge and the Sons of Veterans will secure a speaker and attend to the social features of the day's exercises. The farmers will be through with their splendid crops and they are all invited to come. Dinner will be served near the ever-flowing spring and the people of the county are urgently requested to bring baskets in order that there will be a plenty for the several thousands of visitors. This reunion day has become an annual holiday for the county at large ,and the people come hither to see their old friends and to meet the young ones now growing up and who are to take the old soldiers' places in so far as they can.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 1.—There was a sharp early advance in the cotton market today with the nearer months making new high records for the season but subsequent fluctuations were irregular, part of the gain was lost and the close was steady at a net advance of 3 to 10 points.

The opening was firm at an advance of 5 to 14 points and the market sold 14 to 17 points net higher during the early trading, on active covering, bull support and fresh buying for long account which was undoubtedly due to a more bullish private crop report than expected, higher cables, bullish spot talk and prospects for local rains in eastern and central sections of the belt, where dry weather is supposed to be needed.

Realizing was very heavy at the advance and prices eased off a few points, but offerings were very well absorbed during the entire day and the leading bulls appeared to have great confidence in their position. The close was at practically the low point of the day. The private condition report mentioned above made the average condition 76.8 per cent. against the report by the same authority last month of 82.1 per cent., thus suggesting a deterioration of some 5 points for the month.

Receipts at the ports today 4,435 bales against 4,276 last week and 4,387 last year; For the week 30,000 bales against 33,505 last wek and 57,236 last year. Today's receipts at New Orleans 624 bales against 296 last year.

Spot cotton closed quiet, ten points higher, middling uplands 12.10, middling gulf 12.35. The sales of the day were 50,396. Futures opened firm and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 1.—Many large buyers are in the market from the West and are buying dry goods of all kinds for future delivery. Spot trade is quiet as a rule although there are many inquiries for goods that have been in scant supply for some time. Clothiers' linings are active and dry goods linings quiet. Raw silk is weaker in the Japan markets. Reports of retail trade are more uniform in news of a better trade.

NAVAL STORES.

(By Wire to the Morning Star.)

New York, July 1.—A further shrinkage in the volume of dealings in stocks today reflected the seasonable dullness of the Summer hot spell. Prices received very little impetus and the fluctuations were feeble and inconstant. The gradually emitted facts of the Delaware, Lackawanna & Western plan involving a recasting of the organization to conform to the Supreme Court decision in the commodities clause case and the distribution of large special cash and stock dividends received much attention.

Quotations for the stock of the new coal company were established in the curb market at par, the subscription price to Delaware, Lackawanna & Western stockholders. The trading in the stock market in general was almost stagnant and news was of but little effect. The Lackawanna announcement was responsible for a firm tone in Reading and the other coalers. Grain crop news was favorable. The payment in progress of upwards of $200,000,000 on account of July disbursements left the money market easy both for call and time loans. The July payments had the effect of lowering discount rates abroad. The strike of the plate workers did not prevent of a rise of a point in United States Steel and gains were general at the end of the day.

Bonds were steady. Total sales par value $3,532,000. United States bonds were unchanged on call. Total sales today 376,800 shares.

FINANCIAL MARKET.

LING PROBABLY DEAD

Body of Chinaman Taken From River Resembles Murderer—Yow Killed.

(By Wire to the Morning Star.)

New York, July 1.—Although complete identification was impossible tonight, there appeared to be a strong probability that the body of a Chinaman which was found floating in the Hudson river in the upper part of the city this evening was that of Leon Ling or William L. Leon, the murderer of Elsie Sigel. The man's height, weight and general appearance tallies with that of Leon Ling, but as the body was nude except for a silk undershirt and had been in the water for more than a week a thorough examination will be necessary. Coroner McDonald, who was the first to inspect the body, believes that it is Leon's, as do a number of policemen, but until measurements and facial characteristics are carefully gone over the identification will remain in doubt.

If it is Leon the cause of his death will be another mystery, although one theory, that of suicide, would appear reasonable.

In salient features the body bore a marked resemblance to Leon Ling. The teeth were good, as were Leon's, the height about five feet, four inches, which was Leon's height, and the weight 125 pounds which was about Leon's. The age appeared to be about 25 or 30 in years. Leon's age was given out by the police as 30.

An autopsy will be performed in the morning. The coroner was unable to arrive at any conclusion as to how the Chinaman met his death tonight.

Early this morning Ung Yow, an inconspicuous hardworking Chinese Laundryman of the East side, was found by his neighbors strung between two wash tubs with his head beneath the water of one and his feet in the other. There were bloody finger marks on his neck, bloody foot prints on the floor and a knotted cord about the man's neck. In the cash drawer the police found one cent.

All attempts to connect the murder of Ung Yow with the murder of Elsie Sigel by Leon Ling have failed. Investigation soon showed that Ung was beaten over the head with flat irons, probably by more than one man and the flung on the tubs. He probably died by drowning while unconscious.

Sees Mother Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at R. R. Bellamy's.

WRIGHTS' DAY OF SUCCESS

(Continued From First Page.)

The start was as successful as the first. In the second flight, Orville made much wider turns and rose to a greater height. Wilbur Wright watched ever detail of the flight with care.

It was noticed that at times the motor skipped, but this seemed to have no effect on the progress of the aeroplane. The starting rail runs downward into a little hollow in the field and whenever the aeroplane passed over this hollow it dipped noticeably, and whenever it passed over a vacant space between two of the stables, it was seen to rise as though on a billow of air, but these atmospheric conditions were easily overcome by clever manipulation of the levers.

On his second flight Orville made nine rounds of the field in a few seconds less than eight minutes.

In his last attempt he remained aloft for a few seconds more than nine minutes and encircled the field nine and one-half times. For one complete round he flew very close to the ground, evidently preparing to land. This he did within 200 feet of the aeroplane shed. During this last flight he went higher than on his previous trials, reaching a height of 40 feet. Just before making his landing the left wing scraped the ground and raised a cloud of dust, but Mr. Wright continued to fly half way around the field before descending.

HARVARD WINS THE RACE.

(By Wire to the Morning Star.)

New London, Conn., July 1.—In a grand exhibition of rowing by a crew remarkable for its physical power and endurance, Harvard this evening defeated Yale in their annual varsity boat race on the Thames. The crimson's crew led from start to finish and won by six boat lengths. Harvard's time was 21:50; Yale's 22:10. By this victory Harvard won her second consecutive boat race from Yale in 28 years. Since Harvard has won five 'varsity races from Yale, including today's, namely in 1891, 1899, 1906 and 1908.

The greatest crowd that has ever assembled here on the Thames poured into New London today to witness this race. Harvard's growing confidence in her boating system brought double and quadruple the number that usually follow the crimson to the Thames, while Yale's deterioration to win back her glory on the river brought a record breaking Yale crowd. It was estimated that at least 40,000 people witnessed the spectacle.

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Adrian, Ga.—"I suffered untold misery from a female weakness and disease, and I could not stand more than a minute at a time. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death. One day I was reading how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and decided to try it. Before I had taken one bottle I was better, and now I am completely cured."—LENA V. HENRY, Route No. 3, Adrian, Ga.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.
